

# Armoured Walls

**CR4 - CR5 - CR6 - RMET 15**  
**FB4 - FB5 - FB6 - FB7**

## TOLTEC SECURE

developed these armoured walls as an addition to their Security range. These are available for different burglary levels according to the European standard EN 1627-1630. A bolted system makes them easy to move around. The SECURE WALL panels are tailored to the customer's needs.

- Wall SW4 level CR4 according to the standard EN 1627
- Wall SW5 level CR5 according to the standard EN 1627
- Wall SW6 level CR6 according to the standard EN 1627
- Wall SW80 level RMET15 according to the standard EN 1627
