

BULLETPROOF PASS-THROUGH DRAWER FB5+FB6-35

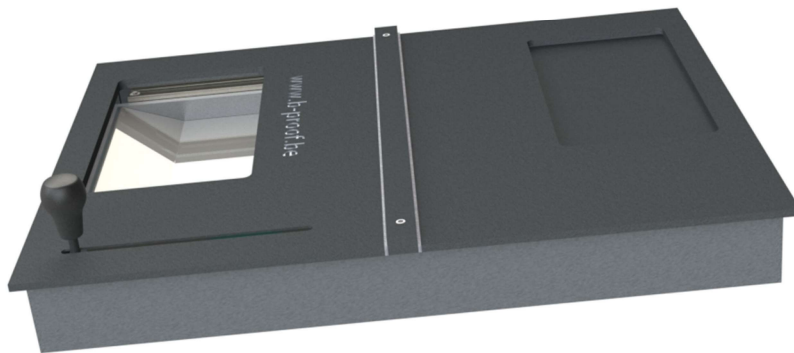

This pass-through drawer is bulletproof certified FB5 + FB6 according to the European standards EN 1522. Its concept guarantees a 100% bullet resistance when both open or closed. This drawer has an automatic locking system in open and closed position so the operator is in full control at all times. (e.g. explosives).

The pass-through drawer can be customized in accordance with the requirements of the customer. Optionally, an accompanying bracket can also be provided where the drawer rests on and which can be arranged with stacking racks.
